

## HYDROVAC, VACUUM TRUCK & CCTV INSPECTION OPERATOR FOR AQUATECH CANADIAN WATER SERVICES INC.

Aquatech Canadian Water Services is a privately held Canadian corporation established in 1981, specialising in management, operations, and maintenance services for both Water and Wastewater facilities. Aquatech Canadian Water Services is one of the largest privately owned, facility management companies of Water and Wastewater treatment facilities in Canada.

Aquatech is currently looking to fill a full-time position, for a Hydrovac, Vacuum truck & CCTV Inspection Operator. Candidates must possess a valid Class 3 or Class 1 Drivers license in good standing with a valid Q Air Brakes Endorsement Certificate. The driver will be required to have at least three years of driving experience with 5-ton trucks or larger.

For this specific position the applicant will be required to operate, complete minor repairs and maintenance on the trucks they are driving. The Operator will also be required to report all major problems with the truck to the Special Services Supervisor.

### **Duties**

- Operate equipment as per Aquatech and customer expectations.
- Maintain equipment in accordance with Aquatech and manufacturer requirements.
- Follow the safety program, including all policies, procedures and practices.
- Complete service reports, pre-trips, hazards, copies/pictures of training certificates.
- Report to Operations daily and notify them of any incidents or occurrences.
- Keep work area clean, tidy and free of any hazards.
- Assist coworkers as required.
- Make sure tools, trucks and are in good shape and not a hazard.
- Maintain safety tickets as required

### **Minimum Qualifications**

- Read maps and use GPS to find sites and plants.
- Work with people from all backgrounds and with different personalities, to establish good communication and build relationships quickly.

## **HYDROVAC, VACUUM TRUCK & CCTV INSPECTION OPERATOR FOR AQUATECH CANADIAN WATER SERVICES INC.**

- Pay attention to detail, surroundings and use proper judgment as to when to report things to operations.
- Be a team player, show a strong work ethic, and work well on their own.
- Submit paperwork in a timely fashion.
- Take pride in their work and equipment.
- Take on a challenge and work in all types of weather.
- Relevant Experience swamping on or operating sewer flushers, or CCTV units
- Demonstrate previous water, vacuum, flushing and Hydrovac experience.
- Be able to drive both standard and automatic transmissions
- Assist in maintenance and repairs to equipment
- Be able to troubleshoot minor issues on the fly
- Know axle weights and DOT regulations
- Provide a minimum valid class 3 driver's license with air, and an abstract that has no more than 5 demerits, no suspension due to impaired driving in the past 3 years, no dangerous driving or undue care and attention convictions in the past 3 years, and no commercial driving violations in the past 3 years.
- Possession of current H2S Alive certification, Confined Space, Ground Disturbance, First Aid with CPR and AED would be an asset for this position.

The selected candidate will enjoy a compensative salary, benefit package, RRSP's plus many other intangible incentives from a company who regards, "Our employees as our most important resource". Please submit your resume to:
