

EXPERIENCED OPERATORS – UTILITIES

Due to impending retirements, the City of Camrose is seeking experienced energetic and reliable operators for full-time permanent positions in the utilities section of the Public Works department. Reporting to the Manager of Utilities, these positions will be involved in the day-to-day operations and maintenance of the City's water distribution and wastewater collection systems and facilities. Water distribution and wastewater collection will be the primary areas of discipline with the ability to learn water and wastewater treatment systems. These are unionized positions under CUPE Local 1425 and inclusive of a trial period as per the Article 12.05 of the Collective Agreement.

FUNCTIONS/RESPONSIBILITIES (but not limited to):

- Assist in the repair and maintenance of water mains, sanitary and storm sewers, fire hydrants, station checks, station maintenance, sanitary sewer cleaning, sewer manhole inspections, sanitary sewer root control program, excavation and repair of broken sanitary sewer mains, water mains and services, operate the water truck, valve operations, UDF program, cc valve operations, distribution laboratory and field testing, sanitary sewer laboratory and field testing, lagoon weed and vegetation control, meter reading and meter service work (installations, account read-outs and problem troubleshooting).
- Operations and maintenance of the Utilities System as directed.
- Lead tool box meetings and provide formal hazard assessments.
- Supervise and direct daily work of other employees.
- Assistance with other City operation functions as necessary and assigned.

QUALIFICATIONS:

- Grade 12 diploma or equivalent.
- Water & Wastewater Technical Program and or Post-Secondary Education.
- A minimum of two of the following Alberta Environment Level III Certifications: Water Distribution, Water Treatment, Wastewater Collection, Wastewater Treatment. May consider Level II Certification with the ability to complete Level III Certification within the first year of employment.
- Minimum five (5) years' experience in utilities and infrastructure maintenance.
- Awareness of the City of Camrose Alberta Environment Approvals.
- Must be able to work in confined spaces, trenches, elevated platforms, ladders, and extreme weather conditions.
- Basic computer literacy to operate meter reading computer software.
- Must be able to meet the City's on-call protocols and participate in the on-call rotation detailed in the Collective Agreement and as assigned for the Utilities team.
- Reliable with a strong work ethic, with sound decision-making and communication skills.
- Ability to exert moderate physical activity.
- Valid Class 3 Alberta Motor Vehicle Operator's License with air brake endorsement.

HOURS OF WORK: Hours of work are generally 8:00 a.m. to 5:00 p.m. Monday through Friday. Shift work, on-call and overtime will also be necessary to address operational requirements.

HOURLY WAGE: The starting base hourly wage for this position will be dependent upon the qualifications and experience of the successful candidate. Base hourly wage will be determined in accordance with CUPE 1425 Collective Agreement, plus any additional premium pay as outlined in the collective agreement.

APPLICATIONS: Individuals interested in this position are invited to submit a cover letter and resume to the address or email address below by January 28, 2022 at 4:30 p.m. Interviews will be conducted throughout the process. ***We appreciate and consider all applications; however only candidates selected for interviews will be contacted.***
