

Now Hiring Wastewater Treatment Plant Superintendent

In Medicine Hat, you'll enjoy countless opportunities to experience the great outdoors in the near-endless sunshine we're so famous for. And here at the City of Medicine Hat, you'll have a chance to build a challenging and rewarding career servicing your neighbors and your community.

This leadership role provides guidance and ensures regulatory compliance to maintain the reliable treatment of wastewater.

Our ideal candidate

- Has thorough knowledge in leadership, planning, scheduling, coordinating and quality assurance in wastewater treatment plant operations & maintenance.
- Has experience in business planning, operating & capital budgeting, & monitoring & reporting.
- Has working knowledge of industry & City regulations, acts, & approvals.
- Possesses strong interpersonal and communication skills and have demonstrated your ability to develop effective working relationships with internal and external stakeholders.
- Demonstrated ability to use a systematic approach and independent judgement to make sound decisions and recommendations.

Qualifications

- Possess Alberta Level IV Wastewater Treatment Certification.
- Seven (7) years operating experience in a large municipal treatment facility including four (4) years experience in a supervisory capacity.
- Valid Class 3 with air Alberta Driver's License with an acceptable driving record.
- An equivalent combination of management approved training and experience may be considered.
- This position has been identified as Safety Sensitive and requires the completion of a satisfactory pre-employment drug screen.
