

Position: Water Utilities Operator Level II/I

Employer: Aquacor Water & Environmental Inc.

Location: Rycroft, Alberta

Date Posted: March 10, 2023

Closing Date: April 10, 2023

About us:

Aquacor Water & Environmental Inc. has provided 365 day a year coverage and interim waterworks operations for various communities in the Peace region and throughout Alberta and B.C. Aquacor is based out of Rycroft and is a growing operations group that are able to provide our neighbors in the Peace with assistance to ensure their waterworks systems remain compliant and safe.

Job Position Summary:

Posting is for a full-time permanent position, 40 hours per week on average, with overtime/on-call weekend shifts. The ideal candidate would hold: Water Treatment Level I/II, Water Distribution I, Wastewater Collection I, and Wastewater Treatment I Certification. Willing to work and train towards these certifications with the right candidate.

The responsibilities include:

- Carrying out preventative maintenance, cleaning, repairs, inspection of water and wastewater systems and equipment, including collecting and transporting water quality samples.

- Testing and analyzing water quality for chlorine residual, turbidity and other parameters
- Interpreting data from instrumentation and alarms; analyzing, calibrating, and troubleshooting problems, developing and implementing solutions
- Monitoring and adjusting disinfection systems, including use of the SCADA and chlorine handling.
- Participating in record keeping of the water systems performance, including operational records, readings, maps, and shift logs.
- Safety-consciousness- demonstrating commitment to safe work practices, ensuring all tasks are carried out in compliance of the current rules, regulations and standards governing water supply, treatment and distribution.
- Responding to emergency call outs/ stand by as required.
- Perform other related duties as required.

Required Qualifications:

- Mechanically inclined and able to troubleshoot complex problems
- Completion of Grade 12 High School Diploma
- Valid Class 5 Driver's license
- Water Treatment Level I/II
- Ability to pass and maintain a criminal record check
- Working knowledge of SCADA systems
- The ideal candidate must be willing to reside in the Peace area.

Other:

- A competitive industry wage will be offered based on the experience and certification level of the qualified employee.
- Flexible schedule available medical/dental benefit plan.
- Job environment requires physical agility and the ability to handle multi-tasking, frequent interruptions, deadlines, and a variety of weather conditions and equipment.
- Out of town work may be required
