KANA ENVIRONMENTAL CONSULTING WATER DISTRIBUTION OPERATORS LEVEL I & II SUMMER POSITIONS

KANA ENVIRONMENTAL CONSULTING is a privately owned and operated company specializing in operations of Alberta Environment licensed facilities.

KANA ENVIRONMENTAL CONSULTING recognizes the value of our employees and offers flexible shift schedules for their employees.

This position is available due to the expansion of a present long-term operations contract. The positions of Level I & II operators will entail work in the areas of Water Distribution, and possibly Water Treatment, and Wastewater Treatment and Collection in the future.

The operator will not be required to relocate away from Edmonton or the surrounding area as the operations are based around the City Of Edmonton.

Remuneration for the successful candidate will be dependent upon experience. Water or Wastewater Treatment experience is preferred, and a valid class 5 Alberta drivers license is required. Upon successful completion of a probationary period the successful candidate will have extended health care benefits paid as part of their remuneration package.

Resumes should be sent to the attention of KEN BUHAGIAR.

If you prefer e-mail, please use the following address: **kanaenv@shaw.ca**

KANA ENVIRONMENTAL CONSULTING will contact only those to be interviewed immediately as operators are required.
