

Make working for  
The City work for you.

## Junior Operator, Drinking Water Distribution (DWD) Operations & Maintenance

If you are committed to public service, enjoy collaborating with others, share our values and have a desire to learn and grow, join [The City of Calgary](#). City employees deliver the services, run the programs and operate the facilities which make a difference in our community. We support work-life balance, promote physical and psychological safety, and offer competitive wages, pensions, and [benefits](#). Together we make Calgary a great place to make a living, a great place to make a life.

The City is committed to fostering a respectful, inclusive and equitable workplace which is representative of the community we serve. We welcome those who have demonstrated a commitment to upholding the values of equity, diversity, inclusion, anti-racism and reconciliation. Applications are encouraged from members of groups that are historically disadvantaged and underrepresented. Accommodations are available during the hiring process, upon request.

As a Junior Operator under the direction of the Senior or Intermediate Water Operator, you will participate in activities specific to the drinking water system. Primary duties include:

- Learn the components of Water Quality (learn how to take samples, how to perform chlorination) or public health in relation to drinking water.
- Learn and execute the processes for maintenance and/or repair of the drinking water system.
- Learn and apply components of public health and safety related to drinking water management.
- Perform assigned inspection, assessment activities and maintenance activities.
- Responsible for assigned repairs to the system infrastructure.
- Other duties as assigned.

### Qualifications

- A High School Diploma or equivalent (e.g., GED) with at least 2 years of utility experience; OR
- A completed 1 year technical certificate in Water and Wastewater (i.e. NAIT) and no experience; OR
- A completed 2 year Diploma in Water Engineering Technology (Water and Wastewater option i.e. Okanagan College) and no experience.
- A valid full Class 5 Driver's License (or provincial equivalent) with no more than 6 demerits, and no current suspensions or charges pending.
- Must be able to obtain Level 1 Water Operator Certification within 2 years.
- Education related to drinking water or wastewater systems is preferred.
- Preference will be given to applicants with the ability and willingness to use software and desktop or remote devices.
- Interpersonal and adaptability skills are required for success in this position.

### Pre-employment Requirements

- A security clearance will be conducted.
- Must obtain a City of Calgary [operator's permit](#).
- Successful applicants must provide proof of qualifications.
