

## **Wastewater Treatment Operator III**

### **Wastewater Operator Level III Plant Supervisor – Rocky Mountain House**

#### **Alberta**

#### **Company Profile**

AQUATECH is a privately owned Canadian corporation established in 2004, specialising in management, operation, and maintenance services for both water and wastewater facilities. AQUATECH is the largest private operator of water and wastewater treatment plants in Canada.

We are presently seeking a Certified Wastewater Operator to join our team in the Rocky Mountain House area. AQUATECH is looking for an individual who is seeking a career with our rapidly expanding company, and is eager to learn.

#### **Operator Main Responsibilities**

Working under the guidance of the supervisor, you're responsible for conducting the daily operation and maintenance of the Water & Wastewater facilities. This position will report to the area Operations Manager.

- The main responsibilities of the position include, but are not limited to:
  - Carry out the daily operation (regulatory monitoring and reporting process adjustments, chemical transferring and maintenance) of the facilities
  - Provide operational support & troubleshooting for plant operations
  - Maintain required inventory and inventory control of critical spare parts, chemicals, & consumables.
  - Create maintenance requests and assist in the development of work scope quotation with our Technical Services Group for scopes of work within the plant facility.
  - Monitor Lift Stations as required.
  - Monitor Storm ponds as required.
  - Complete and compile data of daily inspections, monitoring, and sampling as required
  - Perform maintenance tasks as requested by the supervisor
  - Perform laboratory analysis and reporting
  - Preparation weekly, monthly, annual reports as required
  - Provide training and mentorship to plant operational staff
  - Participate in required meetings (in-person & remotely)
  - Participate, enforce, and comply with all aspects of the company's health and safety program

#### **Hours of Work**

The Operator position will be a Monday – Friday work week totaling 40 Hours/week. Work week would be subject to change depending on time off, vacation or sickness coverage of other operations

## Wastewater Treatment Operator III

personnel. Regular hours of operation are 8:00 am to 4:30 pm but are subject to change. The position is also subject to On-Call duties on a scheduled rotation.

### Required Qualifications

- Current Level III Wastewater Treatment Operator Certification (proof of certification is required)
- Ability to lift 25 kg (55lb)
- Intermediate to advanced mechanical knowledge
- Ability to work under pressure quickly and efficiently
- Excellent problem solving skills
- Microsoft Office program experience
- Strong independent worker and team player
- Good communication skills, both written and verbal
- Proven ability to supervise and communicate with staff members
- Positive attitude and able to promote a positive image of AQUATECH

### Preferred Qualifications and Skills

- Training certificates in H<sub>2</sub>S, First Aid, Confined Space, and TDG.
- Supervisor safety training courses considered an asset.

### Compensation

AQUATECH has competitive wages, a comprehensive benefits package, plus many other intangible incentives that are offered to our full-time employees. A moving allowance would be considered for relocation to Rocky Mountain House, as required.

### How to Apply

Qualified candidates are encouraged to forward their cover letter, resume and copies of their current certifications by mail or email to the below managers:
