Wednesday, October 30, 2025 – 12:30 – 1:15 PM

Steve Craik and Tammy Elzinga, Alberta Environment and Protected Areas

From regulatory news to the latest updates in certification, get it directly from the source.

### Emissions Reduction Alberta (ERA) Panel Presentation

Wednesday, October 30, 2025 – 1:15 – 2:00 PM

Moderator: Heather Stephens, Emissions Reduction Alberta

Panelists: Sarah Marshall, City of Calgary; Kim Welby, Progressive West Consulting (consultant for the Town of Cardston); and Robert Hough, WaterSMART

Emissions Reduction Alberta (ERA) will host a panel presentation on the opportunities for supporting energy efficiency capacity building, training, and retrofit projects. Join ERA CFO Heather Stephens, for this moderated panelist presentation that will showcase existing funded water industry projects from the City of Calgary and the launch of an exciting new project in the Town of Cardston.

- **City of Calgary** – The City of Calgary is advancing an innovative solution to address increasing heating demands at the Fish Creek Wastewater Treatment Plant with the installation of Alberta's first, and Canada's second, Wastewater Heat Recovery (WWHR) facility.
- **Town of Cardston** – The Town of Cardston is upgrading the aging wastewater treatment system to an advanced Membrane Aerobic Biofilm Reactor (MABR) technology. The project will be the first standalone, full-scale deployment of MABR technology in Western Canada.
