

## **Join the City of Medicine Hat as a Wastewater Treatment Plant Millwright!**

Permanent, Full-Time, On-Site

The City of Medicine Hat is committed to fostering a positive, supportive, and engaging workplace where every employee can thrive. As our employees are our greatest asset, we strive to create an environment that ensures their experience is both rewarding and fulfilling. Through a focus on collaboration, innovation, and support, we aim to empower our team members to achieve their best while contributing to the success of our community.

Reporting to the Maintenance Team Leader, the Millwright is responsible for performing mechanical maintenance at the Wastewater Treatment Plant. This full-time role, requiring 2,080 working hours annually, involves close collaboration with other departments and City personnel, and plays a key role in fostering a positive, safety-first work environment.

The Wastewater Treatment Plant Millwright is an on-site position located in Medicine Hat, Alberta. Relocation Assistance is available for the successful candidate. We're a community-minded city with an entrepreneurial spirit and a vibrant industrial history. Medicine Hat is Canada's sunniest city; spring starts early, and summer stretches out a little further, with an average of 330 days of sunshine per year. With a diverse range of cultural experiences, beautiful parks, and a sunny four-season climate, Medicine Hat is a place where you can truly feel at home. Explore the unique opportunities that make our city a great place to live, work, learn and play. [Opportunity Awaits - Move to Medicine Hat](#)
